Printed and made in Mexico**

PREFACIO

Este trabajo busca proporcionar a los estudiosos de los problemas sociales, económicos, políticos y culturales de México, una bibliografía de las investigaciones publicadas en idiomas extranjeros, que con frecuencia no son suficientemente conocidas o utilizadas.

Las obras incluidas en esta bibliografía son publicaciones aparecidas desde 1900 hasta el presente, la mayoría de las cuales se editaron en el extranjero: en francés, inglés, ruso, alemán, portugués, italiano.... La bibliografía contiene principalmente estudios escritos por autores no-mexicanos, pero también algunos estudios mexicanos traducidos y publicados en el extranjero. Los tipos de estudios incluidos son: libros, tesis de maestría y doctorado, artículos de revistas, publicaciones gubernamentales, folletos e investigaciones en proceso.

La bibliografía está dividida en apartados por temas. Dentro de un mismo apartado se cita un estudio solamente una vez, pero se lo cita cuantas veces sea necesario si es susceptible de ser clasificado bajo dos o mas apartados distintos. En el caso de estudios realizados por varios autores, estos se citan bajo del nombre del autor principal. Los co-autores aparecen en el índice de autores al final de la bibliografía.

Además, para que el lector disponga de una fuente de información más amplia, hemos incluido algunas reseñas críticas de libros importantes. También, en aquellos casos que es posible, hemos incluido dos o más referencias de publicaciones donde puede consultarse la obra.

Para obtener las tesis citadas en la bibliografía, el lector puede dirigirse a University Micro-

films, Ann Arbor, Michigan, EE.UU., o a Photoduplication Service, The Library of Congress, Washington, D.C.; y para consultarlas simplemente, puede ver los resúmenes de algunas de ellas en Dissertation Abstracts.

El lector debe tener en mente que los títulos de las investigaciones en proceso no son los definitivos. Para obtenerlas habrá que consultar varias fuentes o escribir directamente al autor en la universidad o institución correspondiente para saber su título final y datos de publicación. La inclusión de los trabajos en proceso se debe a que hemos querido dar una idea completa de los estudios sobre México, para evitar duplicación de investigaciones o para ahorrar tiempo a los investigadores interesados en determinados temas.

El hecho de haber tenido que basarnos principalmente en fuentes secundarias ha dado cabida a algunos errores que no hemos podido corregir. Sin embargo, esperamos que esta bibliografía sea útil para quienes deseen estudiar al México contemporáneo en sus aspectos sociales y políticos.

C.W. Johnson G.C.
Ciudad Tlatelolco, julio de 1969

INDICE GENERAL

Prefacio	iii
ASPECTO SOCIAL	1
1 Obras generales, condiciones sociales, historia y miscelánea	3
2 La metodología, tecnología y orientación de la investigación social	21
3 La sociología: historia y teoría	23
4 La psicología social: la personalidad y la cultura; la interacción de grupos pequeños; el conflicto, valores, actitudes y el liderato	25
5 La interacción de grupos: la etnología; el racismo y la discriminación	39
6 La cultura y la estructura social: la organización social, la antropología social, el folklore, la vida y costumbres	45
7 Las organizaciones complejas: la sociología industrial-laboral; la sociología militar; y la estructura burocrática	59
8 Cambios sociales y desarrollo económico	61
v	v
